Housing Effort In Local Area Gathers Speed

Projects Totaling 622 Homes Under Way or Tendered For

Work on several Central Mortgage and Housing Corporation housing projects in the Greater Victoria area is already shifting into high gear, officials reported here yesterday.

Six projects, representing a total of 622 homes, are now under construction or tendered for, they said. All but 100 of the homes are being built under the National Defence Department plans to house permanent force personnel.

The 100 veterans' homes are scheduled for the Greater Victoria area and the local offices of C.M.H.A. is expecting word daily on granting of tenders for this part of its program.

BUILDING STARTED
Leading the way in the race for more homes is the 15-unit project at Macaulay Point where Victoria Housing Limited has started actual construction on the accommodation for Army men and their families.

Latest reports show that some houses in this area are already framed in with others in various stages of construction. Many foundations have also been laid for other of the Macaulay Point dwellings.

The 20-home unit near the Naden gates at Esquimalt is also actively under way with foundations poured for some of the homes. Contract for the Naden houses was awarded to George Farmer.

This same firm has also started work on a similar 20-home project

at Hatley Park for Canadian Services College members. Clearing has been completed, according to the report, and excavations finished for the foundations of some of the houses.

WORK DELAYED

Work has been delayed on the third of the 20-home units at H.M.C.S. Dockyard gates, because of Navy road construction work through the property.

The new road necessitated re-planting of the project, but clearing has been done for a quick start on the work here. J. A. Polard Construction Company Limited will be building the dockyard homes.

The C.M.H.A. officials said that clearing was progressing in the Hatley Park area off Belmont Road, on the 387-home major part of current housing plans.

But the area was described as "a jungle," and it was thought that it would be some time before actual home planning could be managed here. Tenders have not yet been called for housing construction, officials said. No estimate could be given of the date when building would begin.

Hopes were still being held out for the proposed 152 veterans' homes

Damage Heavy as Hurricane Whips Florida

As winds as high as 153 miles an hour lashed the southeast Florida coast last night, trees were flattened, windows smashed and roofs torn off. This wirephoto, sent to The Colonist, shows one of the coconut palms which fell victim to the winds in Miami Beach when the storm struck.

Jumbo Shrimp Southern Fried STEAKS • CHICKEN

Service was suspended in this snack bar on U.S. Highway No. 1 when the hurricane carried away most of the entrance and scrambled the fixtures. The tempest ripped away weather bureau instruments at West Palm Beach after registering surges of 125 miles an hour.

Hurricane Smashes Southeast Florida

Loggers Endorse Action

Action of the policy committee of the International Woodworkers of America (I.O.-C.C.L.) in rejecting a majority conciliation report and calling for an immediate strike vote among 32,000 coastal lumber workers was unanimously endorsed at a meeting of Victoria I.W.A. Local 1-118 last night at the Broad Street Auditorium.

Voting of other Vancouver Island and Mainland I.W.A. locals on the policy committee recommendations will follow over the week-end.

MEETINGS SCHEDULED

Meetings are scheduled today in Mission, Courtenay and in the Englewood area. Sunday in Vancouver, New Westminster, Port Alberni and Duncan. Tuesday and Wednesday in the Powell River-Jervis Inlet area, and Thursday and Friday in the Queen Charlotte.

Monday, August 29, the policy committee will meet with the Labor Relations Board to discuss the holding of a strike vote.

The action of the Victoria local, which has a membership of approximately 1,000, is considered significant by some observers.

They point out that the union's membership here is composed largely of millworkers, who they say, are traditionally less likely to consider strike action than other employees elsewhere in the industry.

300 AT MEETING

About 300 members of the Victoria local attended last night's meeting. They heard addresses by Stewart Albury, president of I.W.A. District No. 1 and chairman of the policy committee; Ed Haw, district I.W.A. organizer and head of the Victoria local's recently chosen strike committee, and union business agent Roy Whittle.

The majority conciliation report issued last Saturday by the Labor Relations Board rejected I.W.A. demands for 15-cent-an-hour wage increases, union shop and other concessions.

Union heads say the "status quo" report, which also turned down operators' demands for 13-cent-an-hour wage cuts, paves the way for future pay reductions and a return to the 48-hour week.

Whether or not the lumber operators will accept the conciliation board's recommendations is not expected to be known until the end of next week.

Gold Coast Hit by Winds Up to 150 Miles an Hour

MIAMI, Fla., Aug. 27 (Saturday) (P)—A tremendous hurricane bored through Central-South Florida last night and pounded toward the northern section of the state.

Still packing winds of super-hurricane force, the whirling monster was nearing the town of Okeechobee City, moving between northwest and north-northwest at 12 to 14 miles an hour.

Vero Beach, midway up the coast between Miami and Jacksonville, had 97-mile-an-hour winds with gusts up to 110 miles. Winds probably are stronger near the storm's center, the Weather Bureau said in a midnight bulletin.

DAMAGE IN MILLIONS

West Palm Beach said damage there was expected to reach several million dollars. The radio tower of Station WJNO toppled into Lake Worth. Six persons were reported injured.

Ominous red-and-black hurricane warning flags flew from Fort Lauderdale to St. Augustine and around Lake Okeechobee, where the wind reached 140 miles an hour.

The storm slammed into the Southeast Florida "Gold Coast" with 150-mile-an-hour winds. It hit Canal Point, 40 miles to the west, while still hammering West Palm Beach with winds of 125 miles an hour sustained velocity.

The raging wind unroofed houses, smashed plate glass, flattened trees

and littered streets and highways. Yet, so well fortified was the Southeast Florida coast that only one death was listed in early reports.

The howling storm bore in from the east to strike the peninsula first in the Palm Beach region, site of luxurious homes of the ultra-rich.

Many homes and at least two schools were reported unroofed at West Palm Beach. About 100 refugees in the schools were moved to other shelters during the storm.

Power was off in the Palm Beach area and few telephones were working as the storm smashed the coast.

Pompano Beach reported one house blown down and ten others unroofed. Windows were smashed in downtown Palm Beach and Fort Lauderdale stores and many small boats tore loose from their moorings in the storm area.

Power and telephone lines were down in Fort Lauderdale and up the coast. Large pine trees, which had withstood 1948 and 1947 storms, were toppled this time.

Province Likely to Help In Establishing Station

Plans for the installation of a car-testing station in Victoria are still under study, Mayor George declared yesterday.

While the police commission favors establishment of a Victoria car-testing station the commissioners take the stand that such a project should be undertaken jointly by all Greater Victoria municipalities.

Bridges Leaves For New Talks

SAN FRANCISCO, Aug. 26 (INS)—C.I.O. longshore chieftain Harry Bridges left San Francisco by air for Honolulu today.

He is expected to resume negotiations with waterfront employers in a new effort to end the 118-day-old dock strike that has strangled ocean-going commerce in Hawaii.

Jim Crow Fountain Cause Of Near-Riot and Arrests

SAVANNAH, Ga., Aug. 26 (P)—Six British seamen aboard the Panamanian ship *Buccaneer* set off a near-riot today over a "Jim Crow" drinking fountain.

The six, all natives of islands in the British West Indies, finally were carried off to jail by six pistol-armed policemen.

But before their arrest the six apparently had cleared the ship of white workmen.

Policeman W. A. Logan said the trouble started when the *Buccaneer* put into the Savannah Machine & Foundry Company, from Le Havre, France, for conversion from a tanker to a dry-cargo vessel.

As is customary, said Logan, two drinking fountains were installed aboard, one for whites, the other for negroes.

Foresees Possible Start On Road Early in 1950

WINNIPEG, Aug. 26 (P)—Reconstruction Minister Winters conferred today with Hon. Erick F. Willis, Manitoba's public works minister, and said that a start might possibly be made on the Trans-Canada Highway early next year.

Mr. Winters told Mr. Willis and

other Manitoba Government representatives that details of the cost-sharing plan for the highway between the provinces and the Federal Government might be worked out during the coming Parliamentary session.

HOPES PLAN READY

He expressed the hope that the cost-sharing plan would be completed in detail in time to allow a start on the work next year.

Before boarding a plane for Ottawa, Mr. Winters told a press conference the percentage of the construction costs to be borne by the Federal Government has not yet been decided.

He stressed that the Dominion Government would not make any financial contribution to building the highway unless it was specifically understood that it was to be a national highway from East to West.

B.C. Raises Charges Under Hospital Plan

Increased premiums for British Columbia's hospital insurance scheme were announced yesterday by Premier Byron I. Johnson following a meeting of the Executive Council.

Single persons without dependents who formerly paid \$15 annually will be required to pay \$21.

For married persons without children or dependents, who previously paid \$24, the new rate is \$33.

For married persons with children or other dependents, the increase is from \$30 to \$33.

The increase will be effective on 1950 premiums which become due October 1.

In a prepared statement, Premier Johnson gave the reasons for the increase.

"Since we made our estimates of hospital cost for 1949, cost of operation of hospitals has been increased beyond our anticipation largely due to increases in wages and salaries, which in many cases were very low. Total increase in wages and salaries for all hospitals totalled \$2,643,800 in 1947, \$1,704,082 in 1948 and \$3,239,696 in 1949. These increases, together with smaller increases in other expenses, have brought hospital costs to a much greater amount than was estimated for 1949 and it is not considered that reductions of any size can be looked for in 1950.

"It seems desirable that revenue from premiums, plus Provincial Government and municipal grants of approximately \$2,000,000, should provide the cost of hospitalizing all persons covered by our hospital insurance fund. In order to provide

this amount of money it will be necessary to raise premiums between \$3,000,000 and \$4,000,000 more than will be collected for 1949."

COSTS TO BE LOWER

The Premier said the increased premiums are not likely to provide the full amount of money required, but improvement in hospital administration was expected to reduce costs during 1950.

It must be recognized also, the Premier said, that the first year of organization had created some costs which can be eliminated in the next year.

"We have realized from the beginning that we made our benefits coverage very broad. No other similar scheme on this continent gives as broad a coverage for hospital insurance. We believe, however, that our people want this coverage and will desire to pay a little more in premiums rather than have the benefits reduced."

Greek Troops Take Heights

ARGOS, Greece, Aug. 26 (P)—Greek army commandos today captured three important heights in the Grammos offensive.

The heights lie along the eastern edges of the Communist-led guerrillas' last important stronghold in the mountains on the Albania border.

Heavy dive-bombing softened up guerrilla defenses before the commandos seized the heights.

An army communiqué in Athens said 28 Greek soldiers were killed and 100 wounded in storming the heights. No estimate was made of guerrilla losses.

BULLETINS

Rubber Strike

AKRON, Ohio, Aug. 27 (Saturday) (P)—Workers in B. F. Goodrich Co.'s biggest plant went on strike at 12:01 a.m. (E.D.T.) today. The Akron plant employs about 11,000 United Rubber Workers.

It was the first major rubber company strike since the war ended.

Reject Request

BUDAPEST, Aug. 26 (P)—The Hungarian Government tonight rejected the request of the British and United States Governments to set up a joint committee to investigate charges that Hungary violated her peace treaty.

Canadian Cadets Tour London

Canadian air cadets, including David Routley of Victoria, are shown in this wirephoto transmitted from London late yesterday, gazing up at London's County Hall from a section of the bomb-damaged Embankment Promenade. Westminster and Big Ben can be seen in the background. Left to right are Cadets Raymond Cosant, Sarnia; Routley; Donald Samson, London, Ont.; and James Payette, Cornwall.

New Import Restrictions Expected As Trade Balance Takes Sharp Drop

OTTAWA, Aug. 26 (P)—Canada's favorable balance of trade with the rest of the world dropped sharply during the first six months of this year, largely as a result of increased imports from the United States.

The Bureau of Statistics reported today that in the six-month period Canada exported \$15,200,000 more goods than she imported. But in that same period imports from the

United States exceeded exports by \$308,300,000.

The adverse balance with the United States was the highest half-yearly figure since 1947 when it hit \$486,000,000 and led the Government to impose restrictions to conserve vitally-needed United States dollars.

NEW RESTRICTIONS SEEN

Trade Minister Howe intimated that the Government will resort to further restrictions to curb the flow of imports requiring the expenditure of United States funds.

The adverse balance of \$608,300,000 with the United States in the January-June period compared with an adverse balance of \$228,200,000 in the corresponding period of 1948. In pre-war years the average adverse balance was \$55,100,000.

The favorable balance of trade with the United Kingdom continued to decrease. The balance amounted to \$174,200,000 compared with \$220,900,000 in the first half of 1948 and \$269,000,000 in the corresponding period of 1947. In pre-war years the average favorable balance for the period was \$93,100,000.

The favorable balance with other countries of the world was \$29,100,000 compared with \$148,800,000 in 1948 and \$88,500,000 in 1947. In pre-war years the average favorable balance was \$85,700,000.

Total Canadian imports for the first six months was \$1,409,400,000.

Liberal Chief To Be Named

WINNIPEG, Aug. 26 (P)—The provincial executive of the Manitoba Liberal-Progressive Association today voted at a closed meeting by an "overwhelming majority" to call a convention, September 16, to name a new party leader.

United States exceeded exports by \$308,300,000.

The adverse balance with the United States was the highest half-yearly figure since 1947 when it hit \$486,000,000 and led the Government to impose restrictions to conserve vitally-needed United States dollars.

Total Canadian imports for the first six months was \$1,409,400,000.

Bradley Hits False Economy

WASHINGTON, Aug. 26 (P)—Gen. Omar Bradley today assailed as false economy an attempt to chop out of the arms aid program funds to boost Western Europe's munitions output.

The Truman Administration proposes to spend \$155,000,000 on this, Bradley was reported to have testified that the money would be better spent on existing plants and enable them to provide \$700,000,000 worth of armaments.

The chairman of the United States joint chiefs-of-staff appeared before the Senate committee on foreign relations and armed services to oppose an amendment by Senators Arthur Vandenberg (Republican, Michigan) and John Foster Dulles (Republican, New York).

Canada's Future Wealth Assured Says Alexander

CANADIAN NATIONAL EXHIBITION HERE
TORONTO, Aug. 26 (CP).—The Governor-General, Viscount Alexander, today predicted dynamic development for Canada during the next generation.

"The future wealth and greatness of Canada is assured," he said in an address prepared for delivery as he officially opened the 70th annual

"I realize that the commercial and industrial development of Canada has been rapid, and that in itself is a remarkable, but I am willing to forecast that it is nothing like what you are going to see in the life of the next generation."

SPRIT OF PIONEERS
Speaking from observations during his travels in 31 years in

Canada, Viscount Alexander said the old spirit of enterprise displayed by pioneers would be needed to gain dividends from the potential wealth Canada possesses.

"As I see it, you have in this huge land mass a potential wealth which is only just beginning to yield its riches. Much of it is difficult to get at and develop."

"But as the population increases, and scientific research plays its part, it is no exaggeration to say that the future wealth and greatness of Canada is assured."

The Governor-General said Canada has become a world power.

Pact Approved In Argentina After Battle

BUENOS AIRES, Aug. 26 (Reuters).—The Argentine Chamber of Deputies today approved the Anglo-Argentine trade pact by a vote of 86 to 28 after a stormy 44-hour continuous session.

The five-year, two-way treaty calls for Britain to supply the bulk of Argentina's imports, ranging from vital necessities oil and coal to automobiles and whisky. In exchange Britain will get an estimated 300,000 tons of meat as well as cereals and other supplies.

VIOLENT ATTACKS
Half a dozen Cabinet ministers had defended the pact against violent attacks by the Opposition.

Temperatures so frayed at one stage yesterday that a Peronista deputy, Eduardo Colon, tried to draw a revolver.

Cries of "imbecile" and "coward" were repeatedly heard.

The debate began Wednesday night, and when dawn broke today deputies were still arguing.

Would Start Cultural Buildings

OTTAWA, Aug. 26 (CP).—The Royal Society of Canada today urged the Federal Government to start construction of national cultural buildings and distribution of national scholarships which would enhance Canada's cultural stature among the civilized nations of the world.

It presented the Royal Commission on Arts and Science Development a 4,000-word brief in which it called for the immediate construction of a national library, gallery, botanical garden and museum of natural science.

The society, representative of eminent Canadian scientists, historians, sociologists and authors, said a national system of Canadian scholarships was urgently needed.

Turkey Goal Of Doukhobors

NELSON, B.C., Aug. 26 (CP).—A spokesman for 1,000 Doukhobors said tonight he is negotiating in Ottawa for their migration to Turkey, and not Russia.

The chairman of the group, John I. Lebedeff, said the 1,000 members of the Spiritual Community of Christ—the Doukhobors' Sons of Freedom sect—have declared their willingness to leave Canada.

Mr. Lebedeff last July 20 issued an appeal to the sons in which he stated "the prophecy has been fulfilled" and "the Doukhobors are destined to migrate eastward."

He said he did not wish to enlarge on the meaning of the "prophecy" until later.

Says Churchill Getting Better

NICE, France, Aug. 26 (CP).—A spokesman for Winston Churchill said today he is recovering "very well indeed" from a cold.

The 74-year-old wartime Prime Minister suffered a chill two days ago after swimming in the Mediterranean.

Valuable Farmland Will Be Cultivated

KELOWNA, Aug. 26 (CP).—A plan which will bring 1,200 acres of the Okanagan's most valuable farmland under cultivation by next Spring got under way here yesterday.

Contract was let to the Interior Contracting Co. of Penticton for construction of an irrigation system, a four-foot ditch to carry water in flood season from Bear Creek into Rose Valley.

Work on the Rose Valley dam is reported progressing and contractors expect it should be completed by Autumn.

Wants to Travel Over Both Poles

FORT COLLINS, Colo., Aug. 26 (AP).—Bill Odum wants to fly around the world again. But this time he wants to pass over both North and South poles on the way.

The famed flyer told of his plans in a speech to the Fourth National Convention of Flying Farmers here.

22 modern undersea craft, was destroyed by a series of battery room explosions off Northern Norway.

SWEPT INTO SEA
During the few minutes the stricken craft wallowed in mountainous seas before sinking, 12 crewmen from the U.S.S. Tusk were swept into the sea as they tried to pull the Cochino's sailors aboard.

Six of the 12 heroic Tusk crewmen were dragged back to safety, but the other six perished while all 78 of the Cochino's navy complement were rescued and rushed to Hammerfest, Norway, the nearest port.

Only fatality from the sleek "Guppy Snorkel" type Cochino was Robert W. Philo, Newark, N.J.,

civilian technician from Philco Corporation, Philadelphia, Pa.

SKIPPER SAVED
Rescued with his men was Lt. Cmdr. Rafael C. Benites, of Puerto Rico, 1939 Naval Academy graduate.

The skipper had been thrice decorated for his exploits as an undersea raider in World War II.

Russia reportedly has 250 of the streamlined, long-range U-Boats which incorporate sensational advancements developed by the Nazis in the World War.

The Cochino and Tusk, another Guppy-Snorkel, were on a cold-water training cruise with two old-type submarines when the explosion occurred. The Tusk was skippered by Cmdr. Robert K. R. Worthington, of Oakmont, Pa.

Conference of B.E.S.L. Widely Representative

OTTAWA, Aug. 26 (CP).—A world-wide representation of the British Empire gathers in Ottawa, September 11, when 44 delegates representing 21 countries and colonies meet for a week of business sessions at the British Empire Service League conference.

They are members of the Supreme Council of the B.E.S.L., a veterans' organization which acts as a link between ex-service members of every Dominion and colony.

Joining with the Empire Council will be members of the Dominion Council of the Canadian Legion, hosts of the conference.

CEREMONIES SET
Color parties and a guard of honor from the armed forces and from the Legion will be in attendance at a wreath-laying ceremony at the National War Memorial, September 12, following the official opening Sunday evening with a remembrance ceremony.

Lt.-Gen. Sir John Brown, chairman of the council, who joined the British Territorial Army as a private in 1900 and was the first director

general of the Home Guard, will lay the first wreath.

Honorary treasurer of the British Legion, the Rt. Hon. Lord Cromwell, will be a delegate.

Officials Warn Fair Operators
VANCOUVER, Aug. 27 (CP).—British National Exhibition officials today cracked down on concession operators after complaints of "too much variation" in prices and conditions.

Operators were warned that any violation of regulations would mean closure. Some were told to post price lists or shut down.

Admit Gains By Communists
CANTON, China, Aug. 26 (AP).—Communist capture of positions within 140 miles northeast of Canton was acknowledged tonight by the Chinese Nationalist Army spokesman.

He said the Communists had taken Lungnan and were pressing west towards Kiennan. Reliable private reports said the Reds already had Kiennan and nearby Tienghuan.

To Name Nimitz
LAKE SUCCESS, N.Y., Aug. 26 (INS).—A plan has been drawn up in the United Nations to name U.S. Fleet Admiral Chester W. Nimitz as Indian-Pakistani "mediator" in the stubborn dispute over Kashmir.

Long-Range Fighter Ready This Year

OTTAWA, Aug. 26 (CP).—A sleek, twin-jet, long-range fighter aircraft, Canadian designed and Canadian-built, is expected to take to the skies before the end of 1949.

It was learned today that the XC100, an all-weather, twin-seat fighter designed by A. V. Roe Company at its Malton, Ont., plant will be ready for test flights within the next four months.

Little is known of the XC100 except that the Defence Department believes it will compare well with any other plane of the same type when perfected.

Operators were warned that any violation of regulations would mean closure. Some were told to post price lists or shut down.

To Name Nimitz
LAKE SUCCESS, N.Y., Aug. 26 (INS).—A plan has been drawn up in the United Nations to name U.S. Fleet Admiral Chester W. Nimitz as Indian-Pakistani "mediator" in the stubborn dispute over Kashmir.

Operators were warned that any violation of regulations would mean closure. Some were told to post price lists or shut down.

Admit Gains By Communists
CANTON, China, Aug. 26 (AP).—Communist capture of positions within 140 miles northeast of Canton was acknowledged tonight by the Chinese Nationalist Army spokesman.

He said the Communists had taken Lungnan and were pressing west towards Kiennan. Reliable private reports said the Reds already had Kiennan and nearby Tienghuan.

To Name Nimitz
LAKE SUCCESS, N.Y., Aug. 26 (INS).—A plan has been drawn up in the United Nations to name U.S. Fleet Admiral Chester W. Nimitz as Indian-Pakistani "mediator" in the stubborn dispute over Kashmir.

John Maragon Grows Silent

WASHINGTON, Aug. 26 (AP).—Talkative John Maragon, mysterious man-about-Washington, grew suddenly silent today when called on

to tell how he banked \$120,000 during five years in which he reported an income of about \$30,000.

With threats of perjury and income tax prosecution hanging over his head, the friend of President Truman's army aide, Major Gen. Harry H. Vaughan, stood firmly on his constitutional rights.

He wouldn't talk.

In effort to keep grounds of Government House available to tourists and general public—and at same time prevent repetition of some past abuses—Commissionaires now are posted at site. Sightseeing buses, taxis, and trolley-hops no longer will be permitted to travel through grounds. Pictured above is Commissionaire William John Parry, seen standing by main gates of Government House.

Commissionaires have been supplied with wealth of information relative to Government House and its grounds, and each is fully qualified to familiarize all visitors with facts. Until September 30, grounds will be open from 9 a.m. to 5 p.m. During winter months, hours will be 9 a.m. until sundown. Commissionaire W. E. Major is seen in above photograph showing group of visitors section of Government House gardens. Ladies, left to right are: Mrs. R. Gordon, Edmonton; Mrs. A. M. Pain, 1343 Vinog Street; Miss Marie Anderson, of Oak Ridge, Tenn.; and her sister, Mrs. F. W. Hooton, Richland, Wash.

May Offer Forbidden Plateau As Part of Strathcona Park

The Forbidden Plateau may be incorporated in Strathcona Park, it was learned yesterday.

The parks division of the B.C. Forest Service has been surveying the area and it is understood officials

of the E. & N. Railway, which owns the plateau, are considering granting it to the Government for inclusion in the park.

Contained in the area is some of the finest scenery on Vancouver Island.

Purpose of the surveys is to present some concrete plan for consideration by railway officials. Access to the plateau is now over a switch-back logging road, but park officials are certain a route can be found to accommodate a modern highway.

PLAN PARKS LINK

The E. & N. Railway is reported to have approved a grant of land along the Port Alberni Highway to link Little Qualicum Park and McMillan Park, which includes the famed Cathedral Grove. The park division is now engaged in the necessary survey work on strips 750 feet wide running on either side of the highway.

Little Qualicum Falls Park, most highly developed on the island, this year set a record for attracting tourists. On one Sunday, parks division officials said, more than 1,000 persons visited the park.

Plans for beautification of the John Hart Power Development at Campbell River have been worked out and it is expected the B.C. Power Commission will carry out the work over the next three or four years. Scars of construction are to be cleaned up, lawns and trees planted and picnic facilities provided.

POOR SEASON

One of the poorest summer salmon fishing seasons on record on the Columbia River ended at noon Friday.

Packers at Astoria, Ore., said receipts declined steadily the last 24 hours.

Some 1,200 commercial fishermen take a 15-day vacation until September 15 when the fall fishing season opens.

Malahat Fire Soon Put Out

A small fire of one acre on the Malahat, adjacent to clearing operations on the new B.C. Electric right-of-way was reported by the British Columbia Forest Service yesterday.

The fire broke out near a previous burn but was mopped up by a crew of ten men.

It was the only blaze reported throughout British Columbia in a 24-hour period. Hazard throughout the province is reported low to moderate.

City Orders Communitator

The public works committee yesterday ordered a communitator for installation at Clover Point sewer outlet, according to Alderman Dr. J. D. Hunter, chairman.

The order was filed the day after the city received a quotation from a Chicago company to supply and supervise the installation of the machine at a cost of \$9,550. This figure does not include actual installation costs.

Alderman Hunter said the city could not expect delivery of the communitator for 19 weeks.

City Council last month empowered the public works committee to order the communitator, which is designed to break down solids in the sewer effluent, when it was determined that adjacent beaches were being polluted from the Clover Point outlet.

FINAL PARK EVENTS

Final events on the parks department's calendar of summer activities are slated to take place in Beacon Hill Park on Sunday. A band concert, featuring the Musicians' Union Band under bandmaster H. J. Busby, will start at 2:30 p.m. The last of the Gideons Church services will be held in the park at 7:30 p.m. Religious movies will be shown at the conclusion of the regular service.

With Additional District News on Page 21

Inspector Says City Schools Have Enough Rooms, Teachers

While there won't be much room to spare in Greater Victoria classrooms when school bells begin ringing again on September 6, it is expected that accommodation will be adequate for city pupils, J. F. K. English, senior municipal inspector, declared yesterday.

Anticipated enrollment in Greater Victoria schools is 10,500, an increase of some 400 over last year's figure, Mr. English reported.

Existing classrooms have been improved while eight others have been added since conclusion of the previous school term in June, he said. If the school building program is kept at its present level it is unlikely that a "shift system" would have to be introduced in Victoria classrooms, he added.

Regarding the supply of teachers for Victoria schools, Mr. English sounded another bright note.

"There will be no problem here this year," he stated.

The Greater Victoria School Board employs some 400 teachers in the area.

BACK SAFETY COUNCIL

Formation and purpose of the Greater Victoria Traffic and Safety Council were described to members of the Cosmopolitan Club by Charles Brown, president of the newly-formed safety group, at a meeting of the club Thursday night.

The club unanimously endorsed the council's safety program.

Members elected Douglas Lawson and Shirley Temple as their representatives on the council. Cosmopolitan Club charter night will be held on October 7. Invitations have been issued to more than 150 local clubs and societies.

TWO TOO MANY

Eric E. Finlay, dispatcher for the Black and White Taxi Company, pleaded guilty and was fined \$10 for infraction of a little-known city by-law that prohibits two taxis of the same company to park one behind the other on a city block. He appeared in city police court yesterday morning.

GLADIOLI SHOW

Through the courtesy of a large automobile dealer firm, located at 819 Yates Street, there will be a parlor show of late varieties of gladioli held in the firm's showrooms throughout today, and tomorrow afternoon between 2 and 5.

Although there will be no admittance charge, there will be a silver collection, proceeds of which will go to the crippled children of the Queen Alexandra Solarium.

Flowers to be displayed have been described as "excellent" in size and color.

CITY REPRESENTATIVES

According to present plans Victoria will be represented at Derby Week celebrations in Port Angeles on September 3 by Mayor George Alderman Duncan McTavish, Charles Banfield and Frank Mulliner.

Large-Scale Housing Projects Will Help Solve Local Problem

Continued from Page 1

"The Saanich problem" when the matter goes before the citizens in a plebiscite, December, this year.

STILL STYMIED

Meanwhile the local C.H.M.A. office was still stymied by the problem of finding houses for the 1,122 active applicants on its home wanted list.

"Right now our turnover is about three homes a month," a spokesman said. "It's going to take a long time to settle everybody at that rate."

"Which brings us back to our original contention," he added. "The only way to solve the housing problem is to build lots of houses."

He thought, however, that everything possible was being done at the present, in view of the large scale plans now being implemented.

DOUBTS FIGURE

At the same time he was cautious about the figure of 1,600 homes for the Greater Victoria area, recently forecast by Premier Byron Johnson.

WINTER PROGRAM

Members of the Sixty-You Club are planning their winter program. Activities of the club for older people, supported in part by Community Chest funds, include dancing, card games, bingo, visiting of sick members, movies and weekly meetings.

The membership consists mostly of elderly persons obliged to live by themselves.

Dr. Henrietta Anderson, who takes a keen interest in the group, says: "It is not only the weekly meeting that counts: it is the human contacts they make and carry over, the kindly folk they get to know, the feeling of being wanted and needed, the uplift of belonging."

Commissioner Seeks Trade With Ireland

H. L. E. Priestman, Canadian commercial secretary in Dublin and trade commissioner in Belfast, is currently in Victoria seeking to better trade between British Columbia and the two sections of Ireland.

Yesterday he conferred with Hon. Leslie H. Byres, British Columbia's Minister of Trade and Industry, and Deputy-Minister E. G. Rowbottom regarding extension of British Columbia and Ireland.

The two territories are chiefly interested in British Columbia lumber, salmon and bulk fruit pulp for jam, he reported.

Incidentally, the world's best fruit pulp comes from this province, Mr. Priestman thinks.

"CLOSE EXCHANGE"

Upshot of yesterday's conference with British Columbia officials was an arrangement for "the closest exchange of information on market opportunities between British Columbia and Ireland."

Mr. Priestman said he was appreciating his first visit to this province in five years.

He spent one year in London as Canadian Commercial Secretary and three years with his duties in the two Irish cities, in that period.

Although he likes his present job, he still thinks of British Columbia as home.

And he is having a hard time, he stated yesterday, catching up to the "amazing development" that has taken place here, during the

Kingdom, also had some earning products, he pointed out.

"The fine poplin ties and distinctive tweeds from the area find an appreciative Canadian market," he stated.

A former British Columbia resident, and wartime Foreign Exchange Board head in Vancouver, Mr. Priestman said he was appreciating his first visit to this province in five years.

FREIGHTER HALTED

The 800-ton British freighter *Sin Soon Lee* returned to Hongkong yesterday after an attempt to run the Shanghai blockade. Captain W. Barrow said a Chinese Nationalist destroyer stopped the *Sin Soon Lee* twice.

SATURDAY, AUGUST 27, 1949

85 YEARS AGO — From the apathy manifested, there appears to be no desire on the part of the constituency of Esquimalt or of any candidate to fill the vacant seat in the House of Assembly.

Vancouver Island News

From Colonist Correspondents

R.C.A.F. Plans Port Alberni Recruit Drive

R.C.A.F. tests and interviews will be held at Port Alberni for young men who are unable to make the trip to the Victoria recruiting unit at 1314 Government Street.

Plt. Sgt. L. H. Kelsey will be available for interview between 9 a.m. and 5 p.m. Saturday and Sunday at the Beaufort Hotel, Port Alberni.

R.C.A.F. officials stress that full information regarding service life may be obtained from interviewing officers without any obligation to join being entailed.

"I believe many chaps are under the impression that they might be high pressured into the service when intending only casual inquiry, and therefore, do not take advantage of the opportunity presented," said Capt. Ldr. E. L. Howey, D.F.C., officer commanding the unit.

"There is no obligation on either part and the Air Force enlists only those who sincerely desire to serve."

Bowlers Consider Women's League

LADYSMITH, Aug. 26 — Lady-smith Bowling Association will consider a special afternoon league for the ladies. It was decided at the first meeting of the new season, held this week, if sufficient interest is shown.

Election of officers was postponed until the next meeting, slated for September 7, in the Legion Hall. This is the deadline for entries, in order that league play may get underway by September 19. Chairman, Frank Biss, urged all captains to get teams together without delay, and register at the Bowlerdome.

Twenty-five teams, in all groups, registered at the meeting. Policy approved, ruled that preference will be given to teams in order of their enrollment.

Roy Gill will be in charge of the guard line this year.

Last year proved to be a highly successful season, with many fine trophies donated. Jack's Barber Shop team, captained by Jack Keno, is holder of the City Trophy.

SOOKE, Aug. 26 — A general meeting of the Sooke Community Association will be held at 8 p.m. Thursday, September 1, in the Sooke Community Hall. Reports will be received on the "All Sooke Day" celebration. President R. G. Gorton will occupy the chair.

Rare Catch

Tyee Plentiful In Comox Bay

COURTENAY, Aug. 26 — Comox Bay is currently teeming with Tyee salmon.

"One of the best runs in the bay's history" is the description of King Salmon Club secretary Basil Thomas, who said at least 20 boats came in Thursday morning with fish weighing over 30 pounds.

Californians, Dr. and Mrs. C. V. Soracco, checked in with salmon weighing 47 and 48 pounds. They win silver buttons.

Biggest catch so far was that made by D. Mann, Vancouver, who landed a 50-pounder.

Bill Douglas, who nabbed a 54 1/2-pound Tyee last year is having a tough time bettering this record. Best fish he has been able to boat this year weighed 34 pounds.

Cyril Newman, Siah Douglas, Elmer Cook and James McCulloch are other local fishermen who have netted Tyee in the past week.

Other anglers from the Mainland and from the United States report catches between 20 and 40 pounds.

Drive Launched For Scout Funds

COURTENAY, Aug. 26 — Five hundred dollars is the objective of a drive for funds initiated by the Upper Vancouver Island District of the Boy Scout Association.

The money will be used to help defray organization expenses at Vancouver headquarters and in the local district which extends from Rock Bay, north of Campbell River, to Fanny Bay in the south.

The Upper Island District has seen a large growth in the past two years with new troops established at many small points, including a number of logging camps in the district.

With this growth has come an increase in expenses and officials of the organization are appealing to district citizens to help them continue their work.

Fishing Good At Parksville

PARKSVILLE, Aug. 26 — Two local fishermen, J. E. Kingsley and Murray Shelly, landed a 30-pound spring salmon and some fine cohoes near here recently.

Fishing has been exceptionally good in this area for the past few weeks, particularly in the waters between Parksville Bay and French Creek and also near Mistaken Island and Ballenas Light.

Summer visitors have been extremely pleased with the fine sport offered here this year, it was reported.

Weather Forecasts

East Coast of Vancouver Island—Clear and a little warmer. Light winds.

West Coast of Vancouver Island—Clear. Little change in temperature. Light winds.

Mill Employee Hurt in Crash

HORNE LAKE, Aug. 26 — Phummer Mills employee T. Hall is in Nanaimo Hospital with head injuries suffered when the car went out of control on a Horne Lake Road hill and plunged into a ditch.

Betty Ann Tourney, newspaper carrier girl, witnessed the accident and pedaled to the Olympic Logging Company camp for aid. Camp officials called an ambulance and took Mr. Hall to Nanaimo Hospital where he is reported resting comfortably.

"Fun Frolic" At Nanaimo

NANAIMO, Aug. 26 — Departure Bay Ratepayers' Association and its women's auxiliary opened the first of a four-day "Fun Frolic" at Kinsmen Park, Departure Bay, Wednesday night for a record crowd.

The proceeds will go to the new fire hall and community hall funds of Departure Bay.

President R. Perkins and Auxiliary President Mrs. J. Dobson are assisted by capable committees. Members are operating circus concessions, rides for children and other novelties.

Salvation Army Board Named

NANAIMO, Aug. 26 — The first Salvation Army advisory board organized here by Lieutenant-Colonel A. Keith, elected Dr. R. E. Foerster president. Pete Maffeo, O.B.E., vice-president. Army Captain Les Titcombe, secretary; other members of the board are H. Eakin, Mrs. Cyril Baker, Joe Plimer, Arthur Leighton, Ross Cashman, J. Partington, Allan Burdick, T. Anderson and Miss G. Dewar, division commander and corps officer.

Nanaimo Sea Cadets Bring Pennant Home

NANAIMO, Aug. 26 — Nanaimo sea cadets returned from Camp Latona, Gambia Island, bringing with them the pennant for efficiency, cleanliness, aptitude and smartness.

A combination dressing table-wash basin with clay tile top for waterproofing is a new idea in bathroom furnishings.

Public Invited To Name School

NANAIMO, Aug. 26 — Nanaimo School Board has invited the public to suggest a name for the new primary school to be opened here this Fall and the second of three primary schools to be built here. It is a male of the Pauline Hasler School built last year. Only proviso in connection with name suggestions is names must not be those of a teacher or a trustee.

Five Rescued From Channel

NANAIMO, Aug. 26 (CP)—Five persons are safe today after an icy ordeal last night in the waters of Swanson Channel at the north end of Pender Island.

Chilled and exhausted, the five, four of them naval personnel, were pulled from the water by the tug Elmore, of Everett, Wash., registry.

They were thrown into the water when their small craft was overturned from the wash of a passing vessel.

Rescued were E. E. Greensides (address unknown) and R. Hamilton, R. Bridges, M. Worthington and E. Norman, all of the Canadian frigate Beacon Hill.

The Elmore is in Nanaimo today to pick up a log boom.

Qualicum News

QUALICUM BEACH, Aug. 26 — Capt. William Hall, assistant supervisor of the aerial survey and maps being made on the whole of British Columbia, gave an interesting address to Rotary Club members at the weekly meeting on Monday night at the K. of P. Hall.

The Summer Vacation Bible School, sponsored by the Island Sunday School Mission of Maple Bay, under supervision of Miss E. Rice of Duncan and Miss M. Woodward of Victoria, held closing exercises after a successful ten days' session.

Wilson MOTORS LTD.

Space Voyage to Planet Venus Hope of Students in Africa

GRAHAMSTOWN, South Africa, Aug. 26 (CP)—There is a small group of students here who are only too eager to be on board the first rocket ship for a voyage through space.

They are senior students at Rhodes University College, who for more than six months have been studying the possibility of interplanetary flight. They hope that within a few years they'll have a chance to volunteer for the first trip.

They even admit that the first voyage may be a one-way affair.

PRIVATE STUDY

The group's study has been done privately, having no connection with university courses. A main source of information has been technical material from the United States.

One of the conclusions reached by the students is that the easiest planet to be reached is Venus, not Mars.

"A much smaller velocity would be necessary to escape from the earth's gravity and reach Venus than to travel to Mars," a science student said. "This is because a spacecraft traveling inward through the solar system, toward the sun, would be able to fall to its destination with relatively little expenditure of power. Traveling to Mars would require noticeably more than the normal escape velocity from earth of seven miles per second."

RETURN DIFFICULT

"The reverse would be true of the return trip, which would be infinitely more difficult from Venus than from Mars. For this reason, the first trip to Venus is likely to be one way only."

Members of the group were not perturbed by recent reports from the United States Air Force school of aviation medicine that "space travelers would float helplessly in the air and have difficulty in eating."

"Magnetic shoes would make it possible to walk normally about the deck, and it would be quite easy to produce a small, but adequate, artificial gravity field by rotating the ship about its own axis. The inside of the ship's outer wall would then become the floor and centrifugal force would produce exactly the same effects as ordinary gravity," another member said.

GREET FLAGSHIP

A large crowd of Quebeckers was on hand at Wolfe's Cove dock for the arrival Thursday of H.M.S. Glasgow, flagship of the American and West Indies Squadron of the British Fleet.

Ex-Wrens Plan Birthday Banquet on Monday

The 7th annual birthday banquet of the Ex-Wrens Association will be held in Terry's Rose room on Monday at 7:15 p.m. Specially invited guests will include Commander R. Jackson, R.C.N., honorary president of the

association, and Mrs. Jackson; Lieut. A. O. Gray, R.C.N., commanding officer of the Salute Ste Marie who will be guest speaker, and Mrs. Gray, Rev. W. Hills who was in the Navy during the war, Mr. and Mrs. M. Francis and a representative from the Naval

Veterans' Branch of the Canadian Legion, B.E.L. Some of the members who are in charge of the affair are pictured above from left to right: Miss Anne Leggett, convenor, Miss Helen Talbot, Miss Myrtle Trotter and Mrs. G. Van't Haaff.

Mary Thomas and M. J. Kubisheski Wed at Church of the Assumption

Rev. Father D. M. Williamson officiated at the marriage uniting Mary Aldwyth daughter of Mr. and Mrs. Dan Thomas, Stellys Cross road, Saanichton, and Milton James Kubisheski, son of Mr. and Mrs. P. Kubisheski of Renfrew, Ont., at a ceremony performed in the Church of the Assumption, Brentwood, on August 29 at 11 a.m.

Pink and white gladioli were used to decorate the church and dahlias marked the guest press.

The bride, given in marriage by her father, wore a gown of heavy ivory satin featuring off-the-shoulder neckline, nylon yoke and lily-point sleeves. Her gossamer fingertip embroidered veil was held by a coronet of silver sequins caught at the sides with clusters of orange blossoms and she carried a bouquet of white sweet peas centred with gardenias circled with red roses and sweet peas. Her only jewelry was a dainty gold cross centred with tiny pearls.

Miss Maude Kubisheski, sister of the groom, was maid of honor, wear-

ing pale blue taffeta with matching net halo headdress, while the bridesmaids, Miss Rosemary Hirsch and Miss Gwen Munley, wore pale yellow and pale green taffeta gowns respectively, with matching head-dresses. The little flower girl, Eileen O'Hara, wore pale pink embroidered organdie with floral headdress. All the attendants carried colonial bouquets.

Mr. Frank Kopp supported the groom and Mr. Charles O'Hara and Mr. W. S. MacNutt, both of Sidney, acted as ushers.

Mrs. Gyllenspetz played the wedding music. The reception was held at Oak Lodge, Quadra Street, where approximately 100 guests were received by the bride's mother and her aunt, Mrs. Lathwell. The table was centred with a three-tier wedding cake made by the bride's mother and decorated by Mrs. Sid Fox, Mr. William Lathwell proposed the toast to his niece.

For a honeymoon in Vancouver and Seattle the bride traveled in a pale grey English wool gabardine suit with navy shortie coat and accessories and corsage of gardenias and Poincettia roses.

Mr. and Mrs. Kubisheski will reside at 986 Esquimalt Road.

Today's Pattern

Just the dress to keep you cool and pretty in the house or out of doors! Neckline is a wide V, front and back, unbuttoned at back for smooth sunbathing!

Women of Moose Entertained In San Francisco

Mrs. E. Colton and Mrs. I. Waring, former residents of Victoria, entertained members of the Women of the Moose, Victoria Chapter 25, who were attending the Moose International conference in San Francisco, at the home of Mrs. Colton, Berkeley, Calif., on Friday evening. The occasion was also the birthday of Mrs. M. Morry, chartered member of the local chapter, and on behalf of the guests she was presented with an orchid corsage from Miss L. Colton and Miss E. Waring. The group also presented her with a souvenir of her visit to San Francisco.

A buffet supper was served from a table centred with a birthday cake.

Those present included Mrs. A. Bird, Mrs. J. Hill, Mrs. E. Shaw, Mrs. M. Shaw, Mrs. S. Kelley, Mrs. M. Hoib, Mrs. A. McElroy, Mrs. P. Rant, Mrs. A. Hopley, Mrs. E. Colton, Mrs. I. Waring, Mrs. M. Brown, Mrs. J. Vashersse, Misses D. Guelpe, L. Colton and E. Waring, Mr. H. Waring and Mr. W. Fawcett.

Victoria's British Fashion Centre.

6 The Daily Colonist Saturday, August 27, 1949

Social and Personal

Mrs. E. J. Baker arrived in the city recently from St. Catharines, Ont., to attend the wedding of her son, Lieut. (E) E. S. Baker, R.C.N., to Miss Minkie Ford, which will take place in St. Andrew's Presbyterian Church this afternoon. While here, Mrs. Baker is a guest at the Victoria Hotel.

A miscellaneous shower honoring Miss Roma Henderson who is to be married today was held at the home of Mrs. J. Lowery, 2632 Scott Street on Wednesday evening. The guest of honor and her mother, Mrs. E. Henderson, were presented with corsages of gladioli and sweet peas. The many gifts were concealed in a decorated tub. There were 22 guests present.

Mrs. Guy Hollister, 80 High Street, entertained at a party on Wednesday afternoon for Ronnie Hollister who was celebrating his second birthday. The tea table, which was centred with a large birthday cake, was decorated with balloons. The guests included Mrs. W. Randall, Mrs. Roy Neelands, Mrs. Allan Jones, Mrs. Gordon Boyles, Mrs. C. Taylor, Buddy Randall, Nona and Frank Neelands, Linda and Marlene Jones and Cindy Boyles.

Miss Nora Cornwell, R.N., daughter of Col. and Mrs. James K. Cornwell, "The Oaks," Oak Bay Avenue, is leaving Victoria today for La Jolla, California, where she will be furthering her nursing experience at the Scripps Metabolic Clinic during the next year. Miss Cornwell has been in charge of the Naval Dockyard Civilian Health Department for the past five years, and prior to that time was a Nursing Sister with the Royal Canadian Navy. Mrs. J. K. Cornwell is accompanying her daughter to San Francisco, where she will visit friends before returning to Victoria.

A miscellaneous surprise shower was given Thursday evening in honor of Miss Peggy Dutton, a September bride-elect, by Misses Margaret McIntyre and Mary Wilkinson, at the home of the latter on Florence Street. A corsage of gardenias and violas was presented to the guest of honor and the gifts were concealed in a wishing well. Those present were Mrs. R. Hayward, Mrs. M. Myers, Mrs. C. Wilkison, Miss Irene Fairbairn, Miss MacNeill, Dorothy Smith, Mabel Buchanan, Lois Richardson, Jean Currie, Joyce Davey, Mary Jones, Jessie Wardhaugh, Margaret McIntyre and Mary Wilkinson.

In honor of Miss Margaret Chiko, a September bride-elect, Mrs. S. Mathews and Mrs. J. Hanchard entertained at a miscellaneous shower on Wednesday evening held at the home of the former, 1805 Bank Street. Entertainment in the form of a mock wedding was provided by Miss Cynthia and Master Ivan Hanchard. The gifts were concealed in a basket trimmed with pink and white. Guests included Mrs. J. Chiko, mother of the bride-elect, Mrs. C. Chiko, her grandmother, Mrs. A. Matvenko, Mrs. K. Grey, Mrs. B. Davis, Mrs. R. Mahar, Mrs. K. Peaker, Mrs. H. Hall, Mrs. P. Sidlick and Misses Cynthia Hanchard, Opal Matvenko, Ruth Price and Betty Lou Sidlick.

Club 44 annual Labor Day dance will commence at 12:05 a.m. this year. General convenor, Mrs. Emily Vandecastey, is in charge of ticket sales, and attractive prizes are being offered. Mrs. Jack Ostle will be in charge of refreshment concession booth, and Mrs. Wilfred C. Jones is buyer. Assisting committee includes Mrs. Clara Wilkinson, Mrs. Joseph Grouhel, Jr., and Miss Isabel Hunt. Major project undertaken by Club 44 for 1949 is the sponsoring of the local Guides and Brownies.

Bride Wears Heirloom Veil

Mrs. Antony John Hornby, the former Miss Burness Margot Paul, wore an heirloom veil, which was worn by her great grandmother and by succeeding family brides during the past 150 years, at her wedding which took place on August 26 in St. John's Church

with Canon George Biddle officiating. The bride is the youngest daughter of Mr. Alexander S. Paul, "Banchory," All Bay Road, Sidney, and the groom is the son of Mr. and Mrs. William Walker Hornby of Maple Bay. Mr. and Mrs. Hornby will make their home at Cowichan Bay.

Parksville News

PARKSVILLE, B.C. Aug. 26.—Mr. and Mrs. R. Saunders have left Parksville to make their home in Quesnel, B.C. where they plan to go cattle ranching. Prior to their departure Mrs. Saunders was guest of honor at a farewell tea given by fellow members of the W.A. to Knox United Church at the home of Mrs. H. W. Morris. In appreciation, Mrs. Saunders was presented with a dainty cup and saucer with the wishes of the members. The Saunders residence at Parksville has been purchased by Mr. and Mrs. Robert Berry of Vancouver.

Mr. and Mrs. Stanley Gill and family moved to Victoria this week where they will make their future home. Mr. and Mrs. A. Halladay of Nanaimo recently purchased the Gill's home.

Mrs. W. M. Milow, of French Creek has sold her home to Mr. and Mrs. R. S. Banks of Qualicum Beach and will in future reside at Colwood, V.I., with her son-in-law and daughter, Rev. and Mrs. H. J. Jones.

Miss Peggy Brown of Wolverhampton, England, is spending a holiday at the Island Hall Hotel and recently returned from a trip up the West Coast of Vancouver Island on the St. Maquima as far as Chamisa Bay.

Mr. and Mrs. T. C. Tryon, and Mrs. C. R. Tryon entertained at an "at home" at Woodlands, the family

Mr. and Mrs. A. M. Bonnell On Motor Trip Up-Island

At a double-ring ceremony solemnized in St. Luke's Church on August 24 at 8:30 p.m., Wilma Elizabeth, daughter of Mr. and Mrs. John Schaufele, Kenmore Road, became the bride of Anthony Michael Bonnell, son of Mr. and Mrs. P. L. Bonnell, 3710 Saanich Road, with Rev. F. Pike officiating.

The bride, who was given away by her father, was lovely in a gown of dainty white lace featuring draped neckline, lily point sleeves and full skirt. Her finger-tip veil

similarly to that of the bride's. To complete her ensemble she carried a shower bouquet of pink gladioli. Mr. George Matthews was best man, while Mr. John Schaufele, brother of the bride, and Mr. Bill Shipley were the ushers.

The reception was held at Oak Lodge, where Mrs. Schaufele, in black with wine accessories, and Mrs. Bonnell, in powder blue over with wine accessories, received the guests with the young couple. The three-tiered wedding cake em-

a shower bouquet of white carnations. Her only jewelry was a single strand of pearls, the gift of the groom.

Miss Marion Schaufele, the bride's sister, was bridesmaid, wearing a gown of blue lace styled

and flanked by tall white tapers, centred the bride's table. Mr. Ed Aubel proposed the toast to the bride.

For a motor trip through the Western States the bride traveled in a three-piece gabardine ensemble of midnight blue with matching blue and white accessories and pink carnations en corsage.

On their return, Mr. and Mrs. Bonnell will reside in their new home on Columbia Drive.

Saltair News

Mrs. F. Patterson of Vancouver is spending a holiday with Mr. and Mrs. J. Milroy.

Mrs. H. R. Clark has returned to Victoria after spending a holiday with Mrs. D. B. Edwards.

Mr. and Mrs. Kenneth Vorse of San Diego, Calif., and their small daughter, Claudia, are spending a vacation with Mrs. Vorse's parents, Mr. and Mrs. Frank Watts.

Following a holiday with the Alpine Club, Mr. and Mrs. T. Read spent a short holiday with Mrs. B. D. Edwards before returning to their home in Regina.

Daily Astrology

By RITA DEL MAR

SATURDAY, AUGUST 27, 1949

Today's quotation: "America—a place where the people have the right to complain about the lack of freedom."—Louis Hirsch.

Saturday for everyone: Clear away odds and ends of tasks in the morning; don't be sidetracked; shun friction, waste, extravagance. Afternoon and evening favor contacts, trips, buying, selling.

Look for your birthdate and birth-sign below:
March 21 to April 19—(Aries) "Write off" morning discord. Look forward to an agreeable conclusion to some affair this afternoon or evening.
April 20 to May 20—(Taurus) Morning: Don't permit anyone to divert you from your course. Achieve comfort, peace of mind in afternoon.
May 21 to June 20—(Gemini) Morning: Spend for pleasure in proportion to your solvency. Avoid straining nerves or funds. Evening: Exert talents; have fun.
June 21 to July 22—(Cancer) Morning: Off ill temper, pessimism; things are rozier in evening. Buy, sell or visit then.
July 23 to August 22—(Leo) Make this a gratifying week-end; don't let persons in your locale upset the even tenor of your day.
August 23 to September 22—(Virgo) Morning: Be wary of those who "drive" too hard or overshoot the mark. Evening: Be receptive to loyal chums.
September 23 to October 22—(Libra) Morning: Curb impulse toward aggression, haste. Later: Let superiors determine the course.
October 23 to November 21—(Scorpio) Morning: Keep upsetting

individuals and circumstances at a safe distance. Evening: Obtain a surprise or a new friend.
November 22 to December 21—(Sagittarius) Morning: Avoid injudicious outlay of funds, vitality. Evening: Be ingenious, ambitious.
December 22 to January 19—(Capricorn) Morning: Shun impatience, ungracious behavior. Evening: See elders or higher-ups.
January 20 to February 18—(Aquarius) Morning: Be open-minded, poised. Evening: Put your faith in the hunches of a colleague or associate.
February 19 to March 20—(Pisces) Morning: Avoid haste, waste, ex-

trêmes. Evening: Heighten discernment; win approval for your goals.
Planning Ahead: Good for sociability, entertaining, etc., evenings of August 27 and September 2; morning of 3, 4, 5 and 11; evening of 12, 14, 16, 19, 20 and 21.

SWEET-TOOTH WASPS
NORWICH, England (CP)—Plum trees and gooseberry bushes in Suffolk and Norfolk are being attacked by swarms of wasps which are ruining the fruit before it is ripe. Some growers report that their trees of early plums have been stripped.

Better English

By D. C. WILLIAMS

1. What is wrong with this sentence? "If this memorandum is correct, either you or I am going."
2. What is the correct pronunciation of "reservoir"?
3. Which one of these words is misspelled? Arsenal, argument, arrogance.
4. What does the word "futile" mean?

Portland Veteran Eliminates Champ

Mrs. Herron Upsets Grace Lenczyk, 2 and 1, In Canadian Open Semi—Babs Davies Ousted

By GEORGE BRIMMELL.
Vancouver, Aug. 26 (CdnP)—Mrs. Grace Lenczyk, 1948 Canadian Women's Open champion, was ousted today by Mrs. Babs Davies, a Portland, Ore., veteran, in the semi-final of the 1949 Canadian Open golf tournament.

In the most unexpected upset of the week-long tournament, Lenczyk, 36, defeated Mrs. Davies, 35, in the semi-final of the 1949 Canadian Open golf tournament. Lenczyk, who was ranked as the top amateur in the United States, was ousted by Davies, who was ranked as the top amateur in the United States.

DEMOS IN FINAL
Canadian women were given a demonstration of the new rules of golf, which will be in effect from 1950, in the final of the 1949 Canadian Open golf tournament.

Mrs. Davies, who was ranked as the top amateur in the United States, was ousted by Lenczyk, who was ranked as the top amateur in the United States. Davies, who was ranked as the top amateur in the United States, was ousted by Lenczyk, who was ranked as the top amateur in the United States.

SENATIONAL GOLF
Mrs. Davies, who was ranked as the top amateur in the United States, was ousted by Lenczyk, who was ranked as the top amateur in the United States. Davies, who was ranked as the top amateur in the United States, was ousted by Lenczyk, who was ranked as the top amateur in the United States.

TWO MANY PUTTS
Mrs. Davies, who was ranked as the top amateur in the United States, was ousted by Lenczyk, who was ranked as the top amateur in the United States. Davies, who was ranked as the top amateur in the United States, was ousted by Lenczyk, who was ranked as the top amateur in the United States.

WINS SHOOT-OFF FOR TRAP TITLE

Your Health and Your Weight

By JAMES W. BARTON, M.D.

KEEPING RELAXED PUTS ON EXCESS FAT

I sometimes feel that, notwithstanding all that research workers have discovered and are discovering, there are times when the knowledge gained about certain defects or diseases does considerable harm to certain individuals. I have in mind the discovery of the ductless glands of the body, the thyroid in the neck, and the pituitary gland lying on the floor of the skull.

span 25 per cent. And the greater amount of excess weight present, the greater the likelihood that the life span is shortened.

Not only is the life span shortened by excess weight, but also the health of the individual is poor, with a greater chance of developing such diseases as high blood pressure, diabetes, cancer, heart disease, inflammation of the kidneys, hardening of the arteries, congestion of lungs and varicose veins. Thus, the correction of prevention of overweight would greatly lessen the number of ailments that cause sickness and shorten the life span.

entirely due to eating more food than the body requires, there are a few overweight whose glandular disturbance is wholly or partly to blame for their overweight. Because there is really some gland defect, these overweight who use the gland extracts entirely to reduce their weight instead of using small doses of these extracts and cutting down more on their food intake.

Overweights whose underactive gland of glands do cause some of their excess weight have at least "the right" to use gland extracts under a physician's supervision. But what about the overweight whose excess poundage is due to overeating and under-exercising who use gland extracts? These gland extracts, so used, interfere with the general health and can do damage to the various organs of the body.

And what about those of normal weight in order to acquire a "slim" figure? As pointed out some weeks ago, the Lahey Clinic, Boston, reported cases of collapse and even death from the use of thyroid extract by those of normal or below normal weight.

In the Journal of the American Medical Association, Dr. S. Charles Freed, San Francisco, states that for many decades physicians have been taught that overweight (obesity) is a glandular or metabolic condition, and that various theories, including up and wearing away of the body (metabolic disturbance), that the overweight therefore differs from the one of normal weight in regard to his "glandular balance" insofar as it affects the fat and starch foods in their handling by the body; and that various theories have been proposed to account for one person being heavier than another.

The fact of the matter, from the standpoint of actual figures, is that only about 1 in 20 cases of overweight can be traced to underactive glands. It cannot be denied, of course, that two individuals of the same age, starting off at the same weight, will show a difference in weight at the end of 30 to 60 days, both doing the same amount of work and getting the same amount of food.

The fact that one individual gains and the other loses under these same habits of life really means that the one who gains weight has a more economical body and in a way a better mechanism or machine doing the digestion of food and getting rid of wastes, and yet saving enough from the food eaten to be able to store fat in and on the body. The reason that the one individual gains weight and may even lose some, appears to be due to the nervous make-up of the two individuals. The one who gains weight usually is able to completely relax at will. He or she is able to be completely at rest whereas the other does not completely relax but performs wasteful movements, and keeps tensed in body and mind. In other words, it is this activity of mind and body that uses up food and prevents gain in weight.

THE FAT AND THE LEAN

Reliable figures are available showing the variation in the weight of the body, one case of almost 1,000 pounds a sidishow freak, and another case at the Mayo Clinic of a woman of average height weighing only 44 pounds. While these extreme cases excite our interest and curiosity, individuals who are too fat or too thin for their height and build have not the health nor the life span of those of average or ideal weight.

In the Journal of the American Medical Association, Drs. Clifford F. Gastineau and Edward H. Ryerson, and Alice Irmisch M.S., Mayo Foundation, state that in the latter half of life even moderate overweight is dangerous and that it has been shown that between the ages of 45 and 50 years, 25 pounds of excess weight shorten the life

Pacific Valley Scene of Test By Australian

NONDUGAL, New Guinea, Aug. 26 (AP)—Tucked away in the New Guinea highlands between the Markham and the Mamberamo rivers, the unexplored Central Mountains is an experimental farm that may be responsible for opening up this country for millions of people.

Here at the upper reaches of the Middle Wharigi Valley, about 200 miles west of Lae, Edward J. Hallstrom, wealthy Sydney philanthropist, has made one of the first big attempts to introduce modern agriculture and livestock to the rich valleys of Central New Guinea.

Hallstrom gave \$54,000 to the Australian Government to buy land in the Middle Wharigi and set up a sheep ranch.

SHEEP FLOWN IN

Sheep and pigs bought from a trust fund established from Hallstrom's gift, were flown in early this year and landed on an airstrip made on near-level ground between the mountains at Kerawagi. From there they were driven up the valley to Nondugal. The sheep, of the Romney Marsh breed, are hardy enough to stand wet conditions caused by rain that falls almost every afternoon.

Hallstrom's idea is to get meat to the natives and to teach them to spin the wool into blankets and clothing. The days here are hot, but the nights get very cold and the natives have no protection except that provided by fires in their huts. The huts are built of kumul grass and banana leaves and stand no more than four feet high. The small opening that serves as a door is the only ventilation. On most nights even that is closed. The natives build their fires inside the huts and sleep on fibre mats that also serve as umbrellas when they are caught in the afternoon rain.

Should his experimental farm succeed—and there is every indication that it will—he may be "the big white chief" to more than the natives. It is estimated that 3,000-6,000 people could settle on the land in these parts.

PNEUMONIA PREVALENT

There are few furred animals in the highlands, consequently the people have no clothing or blankets.

Finance-Commerce-Markets

22 Saturday, August 27, 1949 The Daily Colonist

How It Started

By JEAN NEWTON

THAT WORD "KINDERGARTEN" "How does it happen that we use a word that is actually the German word for children and garden, 'kindergarten,' when we could simply say 'nursery school'?" The answer to this question is that it was not for a shortage of words that "kindergarten" was adopted in other languages besides German; the word is universal because the idea, the philosophy of education which it commemorates universally serviceable to children, and thus to mankind.

so that they might "let childhood ripen children" was a part of his theory. Froebel's celebrated book is called "The Education of Man," but its subject matter is preponderantly the education of the child. His most important contribution, for which the world honors him as one of history's great educators and great men was in the education of children from the age of three to seven—the founding of the kindergarten movement. How he came to coin the word has been told by one of his assistants. One day, on a walk over the Steiger Pass to Blankenburg, Froebel said: "Oh, if I could only think of a good name for my youngest born!"

Blankenburg lay at his feet and he walked moodily towards it. Suddenly he stood still as if riveted to the spot, and his eyes grew wonderfully bright. Then he shouted to the mountain so that it echoed to the four winds, "Eureka! Kindergarten shall the institute be called!" That is how it started.

(Released by Neil Syndicate, Inc.)

arrived at Kansas City, coming from Oklahoma.

Wheat got off to a steady start on small mill buying, but faded toward the close. September fell under \$2.00. Oats and rye followed the same pattern as the bread cereals. Traders said the selling in soybeans, which has now brought beans down for large losses from recent highs, was based mainly on further weakness in vegetable oil prices. Some suggested soybeans had been "over-bought" earlier this month.

Montreal Stocks

MONTREAL, Aug. 26 (CP).—Securities tended to drift into higher ground near the final hour on the Montreal Stock Exchange and Curb Market today. Mines were mixed in featureless trading. Industrial business was slack with a 12,400-share turnover. Trading in the mining section had more life with a turnover of 92,600 shares.

Physician May Ask Many Questions

By DR. J. B. WARREN

Winnipeg Grain

WINNIPEG, Aug. 26 (CP).—The United Kingdom was allocated 635,000 bushels of wheat at the Winnipeg Grain Exchange today. Other sales included 140,000 bushels to Belgium and 335,000 bushels to Turkey.

In the coarse grains futures market, barley prices continued their upward trend under stimulation of good buying by both Eastern and Western shippers and processors. Hedging and other sales were light in barley and more liberal in oats where demand came from shippers, millers and other interests. Prices closed higher in both oats and barley. Rye, on the other hand, did not have aggressive trade. Offerings were modest. Prices closed lower. Class two wheat prices were unchanged.

Still open for business on the waterfront of Oakland, Cal., is the First-and-Last-Chance Bar, built more than six decades ago from the remains of an old whaling ship.

New York Stocks

NEW YORK, Aug. 26 (CP).—Stocks were bought and sold on a highly selective basis today's market. Most issues attracted only routine interest, if that. For a handful, though, traders had more definite ideas. Turnover amounted to only 860,000 shares. The Associated Press average of 80 stocks remained at 64.1. A slight rise in the industrial section was offset by a similar drop in the railroad group. Utilities were unchanged.

DOW JONES AVERAGES

Thirty Industrials, 179.24, up .23. Twenty rails, 45.55, up .22. Fifteen utilities, 36.63, up .13. Sixty-five stocks, 63.64, up .02. Total sales, 660,000.

Toronto Stocks

TORONTO, Aug. 26 (CP).—Prices moved narrowly in dull dealings on the Toronto Stock Exchange today. A few mining issues featured early dealings, turning briskly to account for a large share of the volume, but activity slowed to a crawl late in the day. Industrials held steady while gold and base metals turned easier. Western oils firmed on a few good gains. Volume was about 800,000 shares.

Industrial moved fractionally

opening brisker, weakening in mid-session and then steadying as the session drew to a close. Steels, textiles, refining oils and papers were balanced. A few agriculture and food listings slipped.
